

FISH PROTECTION ZONES REGULATION (NO-KILL) ZONE "A"

Art. 1 FISHING SPOTS

This licence permits floating fly fishing in the following waters in a no kill mode:

1

River Adda from Boffetto bridge (Piateda) to Navetto bridge (Faedo)

2

River Adda from 250 mt downstream of the bridge of Traona to 150 mt upstream of the former Enel canal outlet

3

Masino creek from Ponte Militare (about 1.8 km downstream of Cataeggio) to the corresponding S.P.della Valmasino tunnel,

4

Mera river from Gordona bridge to S. Pietro bridge **plus Mengasca river terminal stretch from the mouth to the outlet of the Casletto power station.**

Art. 2 ALLOWED FISHERMEN

The exercise of fishing in the zones A is allowed to fishermen who, in addition to being in possession of the Regional License, are provided with one of the specific permits indicated in art.1 of the General Regulations, that is:

- **Seasonal Plus No-Kill permit** also valid for all normal and special regulation zones with the exception of D-zone zones..

-

Annual Zone A subscription (purchasable from Seasonal Members).

-

Seasonal permit for children and teenagers as long as it has an authorization stamp issued by UPS offices.

-

Type A daily permit issued to UPS seasonal permit holders.

-

Type A daily permit issueable to fishermen holding a regional licence that is not a member of UPS (valid for all normal and special zones with the exception of the D zone).

Art. 3 PERMITTED FISHING SYSTEMS

Fishing is allowed with floating fly fishing line (dry fly, submerged fly, nymph or streamer), tenkara or valesian. Silicon bait and the use of "strike indicators" are prohibited. **In the area of Piateda fishing is allowed using ONLY ONE fly, nymph or streamer mounted on a hook without barb, with a maximum opening of mm.8 (as an example below). The dimensions of the finished bait must not exceed 4 cm.**

Art. 4 FISHING TIME AND ENTERING THE WATER

Fishing is allowed from the general opening on Saturday, Sunday, Monday and Wednesday from 07.00 a.m. to one hour after sunset. Fishing ends on **the third Sunday of October**, except for exceptions established by the Management Committee.

From the general opening to the opening of the grayling the entry into the water is strictly limited to the knee and there is a prohibition of ford. From the opening of the grayling until the general closure, the entry into the water is allowed.

Art: 5 RELEASE OF FISH

It is mandatory to release all caught fish of any size and species.

It is obligatory to use your own net to catch the fish, which must be released with all care and in the shortest possible time;

the fish must be caught in the water and kept in the water until released, if the hook is clearly visible in the mouth of the fish, take the hook out of the fish's mouth and release it, if the hook is not visible and the mouth of the fish is closed, release it by cutting the line close to the mouthpiece.

Art: 6 ACCESS TO FISHING GROUNDS

In order to avoid an excessive concentration of fishermen, the number of those who have access for each fishing day is as follows:

- Adda Piateda number 60 fishermen;

- Adda Traona number 40 fishermen;

- Stream Masino number 30 fishermen;

- Mera river number 40 fishermen.

Holders of special permits must register by entering: seasonal fisherman's code, daily fisherman's permit number.

Art. 3 PERMITTED FISHING SYSTEMS

Fishing is allowed with floating fly line (dry fly, submerged fly, nymph or streamer) tenkara and valesian; in the zone C fly and artificial is allowed to use any fly fishing line, tenkara and valesian, fly, spinning (all baits must have the anchors reduced to single hook without barb).

Camolera also using hooks with barb (after the opening of the grayling).

In these areas the use of silicone baits mounted on specific spinning equipment is allowed. Any ballast or lead on the line is prohibited.

The carrying on board of other bait and gear than those permitted in Type B and C areas is prohibited.

Art. 4 FISHING TIMES

AND ENTERING THE WATER

Fishing is allowed from the general opening on Saturdays, Sundays, Mondays and Wednesdays from sunrise to one hour after sunset. Fishing ends on the **third Sunday of October** unless exceptions are established by the Management Committee.

From the general opening to the opening of the grayling the entry into the water is strictly limited to the knee, the ford is allowed but fishing is prohibited during its course. From the opening of the grayling until the general closure, the entry into the water is allowed.

Art. 5 FISHES THAT CAN BE CAUGHT, REGISTRATION AND POSSIBLE RELEASE

In zone B it is mandatory to release all caught fish of any size and species.

In zone C it is permitted to catch 2 fish per day, including a maximum of 1 grayling.

Catches must be recorded on special area cards. Other cards may be purchased at the end of the subscription.

The grayling must be registered on a seasonal fish tag.

For each catch, the date and the area where fishing is carried out must be immediately marked in the appropriate box with an indelible ballpoint pen and a cross will be drawn on the appropriate square of the fish caught.

The minimum size of trout and grayling is 40 (forty) cm.

In the case of subsequent outings during the day, the fisherman who has deposited the fish caught must, before resuming fishing, draw a horizontal line with indelible ballpoint pen below the line referring to the last catch made.

It is compulsory to use their own net to catch the fish. Where it is intended or obligatory to release the fish must be released with all care and as soon as possible.

The fish must be caught in the water and kept in the water until it is released, if the hook is clearly visible in the mouth of the fish, take the hook out of the fish's mouth and release it, if the hook is not visible and the mouth of the fish is closed, release it by cutting the line close to the mouthpiece.

Art. 6 EXTENSIONS

This Regulation shall also apply as far as it applies to free entry zones B (listed in the General Regulation).

REGULATION TOURIST AREAS ZONE "D"

Art.1 FISHING SPOTS

This permit or subscription gives access to the following fishing areas:

- Salin Lake (Livigno) (from July 18 to September 20)
- Foscagno Lake (from 7 June 2020)
- Frodolfo stream from the Gembrasca shore bridge to the confluence of the Zebrù stream
- River Adda from the Lovero bridge to the A2A barrier
- Mallero torrent (Sondrio): upstream first bridge under the SS 38 overpass, railway bridge
- Stream Mallero Chiesa Valmalenco from loc. Curlo at the confluence of the Lanterna torrent (from 20.06 to 30.08)
